

## **Committee: Careers**

### **Our Mission**

Our mission is to develop individuals in their career development, to enlarge their capacities and vision to make decisions about themselves and their career development in the context of the society in which they live, go to school, and go to work.

### **Rationale**

We believe that students need assistance in (a) increasing self-knowledge, (b) educational and occupational exploration, and (c) lifelong career planning.

### **Long-term Plan**

1. To facilitate students' understanding about their interest, personalities, communities and work world in making their career and life style choices.
2. To keep up with the latest information on further studies or careers paths for students.

### **Main Emphases in 2014/2015**

1. To identify students' interest, aptitude and career inclination.
2. To provide information on different types of career.
3. To guide students to set their career goals.
