

Committee: ECA Committee

Our Mission

1. To facilitate students' development in the moral, intellectual, physical, social and artistic domains by providing ample opportunity and encouragement for them to participate in extra-curricular activities.
2. To nurture a close student relationship with teachers and with students themselves, thereby fostering good school spirit.

Rationale

1. Holistic development of students means that development of their potential in all other areas is as important as that in their academic studies.
2. Students are able to develop their interpersonal skills, understand the importance of acceptance, respect and cooperation through participation in extra-curricular activities.
3. Students' self-esteem, sense of responsibility and leadership skills are developed and enhanced by organizing various extra-curricular activities.
4. Students' and teachers' participation in extra-curricular activities fosters high school spirit and helps to contribute to a pleasurable learning environment for students and enables them to enjoy their studies and school life.

Long-term Plan

1. Helping students build good leadership skills and cultivate a good sense of responsibility.
2. Providing good opportunity to students for personal growth through participation in extra-curricular activities.
3. Fostering strong house spirit among teachers and students.

Main Emphases in 2014/2015

1. ECA Proposal Design Competition
Encouraging students to be more exploratory and creative in designing and organizing extra-curricular activities
2. Multiple Intelligence Development Scheme (MI Scheme)
Developing leadership, organization abilities and multiple intelligences of students and enhancing students' interest in extra-curricular activities
3. Inter-House English Debating Competition
Cultivating a good English learning atmosphere and enhancing students' interest and confidence in learning English
