

Subject Department: BAFS

Our Mission

1. To inspire students to reach their academic potential.
2. To develop ethical standards, self-discipline, cooperation and integrity.

Rationale

1. To improve students to capitalize their individual potential.
2. To nurture students to build up positive values and good characters in the commercial world.
3. To develop students to become valuable human resources with an entrepreneurial spirit in the future.

Long-term Plan

1. Students to acquire good learning strategies so that those with different learning needs can reach their academic potential.
2. To assist students to pursue academic excellence through effective learning.
3. To nurture students' positive values by implementing a whole person development framework.

Main Emphases in 2014/15

1. To help students develop good learning skills/strategies and to cultivate students' reading habit.
2. To develop students' positive values and attitudes...
3. To focus on supporting programmes for high-achievers and less able students and enhance learning effectiveness through cooperative learning.
4. To build up a positive professional learning and sharing culture among teachers.
